A Safe Community That Thrives

Support facilities and design programs that create a healthy, resilient, and engaged community that is prepared, safe, and housed.

Code Enforcement Efforts

(Goal 13- Focus enforcement (including Neighborhood Preservation) activities on community priorities)

Illegal Signage

Neighborhood Preservation (NP) staff conducted proactive outreach during 35 open house events to monitor compliance with the City's real estate sign regulations. During these inspections, staff observed 41 compliant real estate signs and provided on-site education to two real estate agents to bring their signage into compliance with City standards. Additionally, staff removed 15 non-compliant garage sale and business signs, helping preserve the City's visual character and promote compliance with local sign regulations.

Keeping Livermore Clean

To preserve the City's visual character and to protect public health and safety, staff conduct proactive weekly code enforcement inspections to identify and address violations in a timely manner. Recent efforts included:

- Property maintenance enforcement on Berryessa Court, Mines Road, La Cresta Court, Livermore Outlets Drive, and Starling Avenue.
- Removal of illegally dumped debris on Portola Avenue, Arroyo Road, and Stanley Blvd.
- Graffiti abatement on East Avenue, Vasco Road, Bluebell Drive, and Saddleback Circle.
- Collection of abandoned shopping carts on North Livermore Avenue and P Street.

Removal of Graffiti before and after on East Avenue

Major Development Updates
(Goal 9- Facilitate new development consistent with the City's General Plan)

Blacksmith Square

The Blacksmith Square contractor continues landscaping work along the building frontage at the corner of Veterans Way and South Livermore Avenue, and pavement restoration is tentatively scheduled from August 24 through September 2. Work includes removing existing striping, sweeping, applying slurry seal, and restriping. The most impactful work is expected on August 25 and 26, when slurry seal work is taking place. Permanent striping is scheduled to be completed by September 2.

What to Expect:

- Lane closures on South Livermore Avenue and Railroad Avenue during work hours.
- Possible traffic detours while pavement restoration is underway.
- All traffic control will be approved by the City Traffic Engineer and removed at the end of each workday.

Downtown Parking Restriping
(Goal 10- Work to maintain a safe and efficient local transportation network and address safety concerns)

Following concerns regarding faded and unclear parking markings, traffic engineers evaluated the parking configuration on Third Street between South I and South J streets and began reviewing broader restriping needs along Second and Third streets. Staff determined that one parallel parking space can be delineated with L-shaped pavement markings. An angled parking space was also considered but is not recommended because the available space could create visibility concerns. The pavement-marking plan has been sent to the City's contractor, with completion requested by the end of August, subject to the contractor's schedule. Broader

restriping needs along Second and Third streets will be addressed through a subsequent task order.

Inclusive and Inviting Spaces and Places

Create inclusive and inviting natural and built places and spaces for contemplation, play, arts, and connection while celebrating our history and encouraging community pride.

Downtown
(Goal 3- Continue to implement the Downtown Specific Plan)

Downtown Parking Signs Update

Public Works Maintenance began updating parking signs and time limits throughout Downtown during the week of August 3. The project includes creating six new 15-minute parking spaces, converting two existing 1-hour spaces to 2-hour parking, adding two new 2-hour spaces, and converting 66 existing 2-hour spaces along Third Street, Fourth Street, South J Street, and South K Street to 4-hour parking. Green curb markings are also being added at designated short-term parking spaces. These changes will provide a clearer mix of short- and longer-term parking options to better serve Downtown businesses, visitors, and residents.

A City That Works

Ensure a fiscally and organizationally sustainable city that is innovative and efficient; provides valued services promptly and professionally; engages the community, and proactively funds, designs, installs, and maintains city infrastructure that is safe, functional, and sustainable and serves the needs of our residents.

Community Outreach and Engagement
(Goal 6- Provide effective communication to and coordinate engagement with the community)

Library Programming – Jazz in July

Livermore Public Library closed out its 2026 Jazz in July series on Thursday, July 30. In partnership with Retzlaff Vineyards, the Library hosted the CoolTones Big Band for an unforgettable moonlit Jazz in July finale. 218 community members attended the family-friendly event featuring music, crafts, food, and dancing.

Library Programming – Ranger Storytime

On Friday, July 31, Rincon Branch Library hosted LARPD Ranger Ginger for a special storytime event. Ranger Ginger brought along a slithery friend, a king snake named Wiggles, to help educate the audience about local wildlife. The program also showcased humanely obtained pelts, including coyote, skunk, badger, and rabbit furs. More than 130 community members attended this engaging session.

National Night Out

On August 4, the Livermore Police Department participated in National Night Out, visiting more than 40 registered neighborhood parties throughout the community to strengthen relationships and promote public safety. Partner agencies included the Alameda County Sheriff's Office, California State Parks, the California Highway Patrol, the Livermore City Council, City officials, City departments including Community Development, Neighborhood Preservation, and Public Works, the Alameda County District Attorney's Office, Falck, Lawrence Livermore National Laboratory, and the Livermore-Pleasanton Fire Department, whose participation contributed to the event's success.

Livermore Police at the Little League Intermediate World Series

The Livermore Police Department participated in opening events for the Little League Intermediate World Series at Max Baer Park, with Chief Young and Officer Justice each throwing ceremonial first pitches during the tournament. The Livermore Police Department also maintained a community booth throughout the tournament.

Livermore Police – Stuff the Cruiser

On August 1, the Livermore Police Department hosted its annual Stuff the Cruiser school supply drive at Walmart, where community members donated school supplies to help local students and teachers prepare for the upcoming school year. Donations also continued through August 4 at the Police Department lobby and via Amazon e-gift cards, providing additional opportunities for the community to support the program.

Airport Noise Report

The Livermore Airport noise report is included with this update.

Partnership Update – CalWater
(Goal 14- Develop, operate, and maintain the City's infrastructure)

The City Manager, Assistant City Manager and Community Development Director met with CalWater on August 4 to discuss projects and initiatives impacting Livermore's residents and businesses, such as main replacement projects and associated road repaving, PFAS treatment, new well installation and wildfire hardening. Ongoing coordination between the City and CalWater continues.
